

Visio Broker Process

The Visio Broker Program is fast, simple, and dependable. Plus Visio Brokers are making a killing and can earn up to 3 pts per closed loan, no license required (except in CA). Here is what it takes to be a Visio Broker:

- 1** Learn our loan programs and become an advocate for them. Be able to explain them to your clients. We will regularly provide you up-to-date materials.
- 2** Gather all relevant application materials for your clients. These should be completed and accurate to the best of your knowledge.
- 3** Send us buy and hold residential real estate investors only. No owner occupiers or fix and flippers, please.
